Gen. Jones' Army to Be Met at City Outskirts by Great Throng.

WILL BE AN OVATION

Mass Meeting to Be Held at the National Rifles Armory on Monday.

Gen. Jones' equal suffrage army will be met in state at l'itteenth and H Sireets Northeast on March 1, according to plans being made by the suffragiots here. A troop of horsemen and horse-women will excort the valiant band of "hikers" from that point into the city. Dozene of automobiles, decorated streamers and filled with a Washington and a streamers and filled will be on hand. Miss Helen Bergmark, "one of the hikers," formerly of Washington and now from Colorado, by unanimous consent of her colleagues the most beautiful girl working for the "cause," will be the cause of drawing many additional himdends of the curious. The triumphal entry of the "hikers" bids fair to block all traffic along its line of march, and be a demonstration in itself that will bring together most of the people of Washington.

suffragists engaged a protective y' yesterday. He is seven feet, two is lail, four feet in perimeter, and een 3% and 5% pounds in weight. L.C. Mack is the army's name, and a the biggest thing that ever hav need the doors of any suffrage head-

darkened the doors of any suffrage head-marters.

Col. Mack is a good suffragist. He read the reports of the wardike attitude of the anti-suffragists in the newspapers, wherein rumors of an anti-suffrage army were noted. Col. Mack eathe into suf-frage offices yesterday and asked to be enlisted as a protector of the "caline." Negotiations with the new army were arried on by Mrs. Patricia Street, bal-anced high on the top of a stepladder, Mrs. Street is as "petite" as the "army" is appendixly enormous, and when the duty of accepting its services devalved upon her she sent a hurry call to the scarcet hardware store for their fallest stepladder. The "army" has been re-nained, and the stepladder purchased so that the suffragirts leaders can keep in communication with it.

President Taft Authorizes Investigation Relative to Enlarging the District.

FAVORED BY CITIZENS

Property Owners of Alexandria Petitioned Chief Executive a Few Weeks Ago.

President Taft yesterday held a long conference with Atturney General Wick-ersham relative to taking steps looking toward the return to the District of that section of land in Alexandria County, Va. a part of the original charter of the District, which later was returned to the State of Vivrinta

State of Virginia.

Mr. Taff believes that this land should be returned to the District. A number of residents of the territory in question have signified their desire to again come under District rule. The statement has been made that the retrocession of the land to Virginia was illegal, and that if the section ceded by Virginia can be returned to that State, there is no reason by the same thing should not be done in the case of Maryland, should efforts ever be made looking toward the return of the present District to that State.
